## INSTRUCTIONS FOR USE

1-Think on the shield (p. 4).

If you don't have your own coat of arms I can assist you with the design of a new one.

\* Shields with 3 or more quarters have a bit higher price.

2-Please now choose the outer elements\* and take note of their numbers (pp. 4, 5 and 6).

3-Choose the quality of painting (close-up images on p. 7):

- **INK:** Black and white ink drawings. Have the same price as 'INK & COLOR' paintings.
  - **INK & COLOR:** watercolor and gouache painting. Outlines and details are made with black ink artist pen.
- **COLOR:** The highest quality. Hand painted in watercolor and gouache, made with extra small 5/0 brushes.
- **COLOR A5:** Smaller and although cheaper in price, paintings are extremely detailed. Done in watercolour and gouache with extra fine 5/0 brushes.

4-Calculate the estimated budget using the enclosed list (p. 8).

For compositions with many elements, ask for a better deal.

I would be happy to discuss your project or any special requirements you have.

\*Examples of elements are for illustration only. You will find images of my own artwork at the end of this document, with its prices to give you a better idea.
